WELCOMING PRESIDENT MOON

(Mr. ROYCE of California asked and was given permission to address the House for 1 minute.)

Mr. ROYCE of California. Mr. Speaker, I rise to welcome President Moon of South Korea to the United States of America as he makes his inaugural visit here later this week. President Moon's trip comes at a critical time for America's strategic relationship with South Korea, and I look forward to welcoming him to Capitol Hill.

The friendship between our two nations, which was forged during the Korean war, has withstood the test of time and so many challenges. The people of South Korea have persevered in the face of incredible adversity and succeeded in building a modern, prosperous nation.

Today, we stand together in defense of democracy, freedom, and prosperity. And the strength of our friendship is now more important than ever as we face growing challenges in the Asia-Pacific region.

As the President begins his visit, let's also recognize the contributions of Korean Americans to the relationship between our two countries. The close bond that many Korean Americans have for South Korea, the country of their heritage, creates a strong sense of community that extends across the Pacific Ocean. This is the keystone in the bridge of our alliance.

Mr. Speaker, I welcome President Moon, and I look forward to our meeting.

CBO SCORE

(Ms. JACKSON LEE asked and was given permission to address the House for 1 minute.)

Ms. JACKSON LEE. Mr. Speaker, as many families were making their way home or picking up children from either school or some daycare that they had to be in, the CBO report came out on the unfortunate representation of healthcare from the United States Senate. I think the most striking comment to be made is that, by 2026, with this healthcare bill of sorts, 49 million Americans will lose their insurance.

To add to the insult of those working families picking up children and trying to make ends meet with the dinners that they will be preparing, hoping that the Federal Government would take care of them, the President of the United States indicated that he hopes that the Affordable Care Act that now has helped insure millions of Americans would crash and burn, crash and burn because he has strangled the subsidies. He has made sure that the insurance companies do not have stability, and he has decreased the amount of people who can get the expanded Medicaid.

I am sad when the President of the United States who should be the chief comforter, the person who takes care of Americans, takes great glee that 49 million people will be thrown off of insurance, without insurance by 2026 under TrumpCare in the House and TrumpCare in the Senate.

Democrats know how to fix this. I would hope that the Republicans and the President of the United States get off the special interests and stand with the American people.

Save our healthcare. Stop taking away our healthcare.

REMOVAL OF NAME OF MEMBER AS COSPONSOR OF H.R. 60

Mr. ABRAHAM. Mr. Speaker, I ask unanimous consent that my name be removed as a cosponsor of H.R. 60.

There was no objection.

CELEBRATING CAMILLUS HOUSE

(Ms. ROS-LEHTINEN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. ROS-LEHTINEN. Mr. Speaker, it is an honor to recognize the Camillus House, an organization in my home city of Miami that works tirelessly on behalf of the homeless and those in need in south Florida.

Since its creation in 1960, Camillus House has operated with the belief that every person is precious and deserving of love, respect, and a chance to live a dignified life.

Camillus has grown into an indispensable lifeline for the most vulnerable in our community. Camillus provides housing options, free meals, drug treatment, and a full range of medical treatment to the homeless and those with disabilities.
